What to Bring/Laundry/Transport/ Food Options:

Yoga Mat, Refillable Water Bottle, a notebook, highlighter pen, and pens/pencils for note taking. Many people find tabs useful to tab the areas of your manual that you use most. We will have sanskrit practice and some find it useful to bring flash cards .

Bring Teva-like shoes as there are many cobblestone streets or one pair of running shoes and one pair of flip flops. Sunscreen, a hat and your bathing suit are all great ideas too.

Laundry service is close to davannayoga and is very affordable so you don't have to pack a lot of clothing.

Taxis and Busses are affordable, plentiful and safe in Puerto Vallarta.

What is the food like here? Are there vegetarian/vegan options?

On Saturdays (only during the high season - not in May, July or October trainings) in Old Town we have a Farmers Market with many healthy options for food, shampoos, soaps and gifts. In addition, Organic Select (www.organic-select.com) will deliver your order to the yoga studio on Thursdays - you have to have your order in to Anna by Mondays at 12 noon. (see organic-select.com)

There are more and more Organic stores popping up daily. We also have a Costco and Sam's Club that offer many organic options so if you have cards for those stores they are honored here.

Just a few steps away is a mom and pop style restaurant with only 4 tables that makes our juice or coconut water daily (optional that you order in the morning and they are ready by mid morning after asana practice - not included in fees). They also

very economical meals and snacks. They are flexible and can make almost whatever you want.

Only 2 blocks away is a davannayoga favorite - Vegetarian Planet restaurant with a daily buffet of vegan and vegetarian delights the cost for all -you-can-eat (at time of publishing) is only 105 pesos.

There are Tienditas - "little stores" 1 block away with fresh fruit, nuts, breads, beans, vegies and fresh tortillas daily. They have many more things as well. Often students who liver nearby don't need to go to a big market as they can find what they need at the tiendita.

There are numerous juice stands, fruit stands and sandwich shops very nearby as well as a Starbucks only 5 minutes away by foot if you need a coffee or tea and some nice air-conditioning.

Basically davannayoga is in the center of it all. You will be able to find what you need very nearby.
